SECTION I. FUNDING OPPORTUNITY DESCRIPTION

A. Project Background Information:

One of the principal predictions related to changing climate is increased frequency of wildfires. This has been observed in the Midwest, and a large wildfire raged in 2011 in the Boundary Waters Canoe Area Wilderness, which is very close to several small parcels of land managed by the Bureau of Land Management in northern Minnesota. At the same time, the BLM has not closely monitored the vegetation, public use, and other conditions on these scattered tracts, since they are remote and not heavily used. It is important for the BLM to be aware of the risks of wildfire and other climate-related disturbances if it is to manage risks to the public and neighboring land owners and managers.

B. Project Objective:

The objective is to assess the ecological conditions on these parcels and to identify disturbances to these conditions that may result from changing climate. This information will be used to determine whether and how the BLM should be managing these parcels in order to manage these changes.

C. Statement of Joint Objectives/Project Management Plan:

The BLM is interested in finding ways to manage public lands to sustain their use for public recreation, resource extraction, education, research, watershed protection, and other purposes. The BLM will provide to the recipient information on the locations of the parcels to be studied as well as background information that the BLM has collected on the parcels in the 1970s and in 2011. The recipient will develop a feasible study plan that will take into consideration the best times to visit each parcel, based on the presence of wetlands (which favor frozen-ground visits) and snowmobile trails (which favor winter visits). The recipient and the BLM will cooperatively accumulate data that will be useful to the study, and the recipient will conduct fieldwork and will analyze the data to identify potential climate-related disturbances and suggest management options to address those disturbances.

Applications/proposals may be submitted by the following methods only:

1. **On-Line Submittal** - The Bureau of Land Management (BLM) is participating in the Grants.gov Initiative that provides the grant community with a single site to find and apply for grant funding opportunities. BLM requires applicants to submit their applications/proposals electronically through: <http://www.grants.gov/Apply>.

YOU MUST REGISTER WITH GRANTS.GOV PRIOR TO SUBMITTING AN APPLICATION THROUGH THE GRANTS.GOV WEBSITE. THE REGISTRATION PROCESS MAY TAKE FROM 7 TO 21 DAYS.

2. **Electronic Signature** - Applications submitted through Grants.gov constitute submission as electronically signed applications. The registration and e-authentication process establishes the Authorized Organization Representative (AOR). When you submit the application through Grants.gov, the name of your authorized organization representative on

file will be inserted into the signature line of the application. Applicants must register the individual who is able to make legally binding commitments for the applicant organization as the Authorized Organization Representative.

Any modification of an application or quotation is subject to the same conditions stated above.

4. Electronic Application Submission and Receipt Procedures - This provision provides information on the application submission and receipt instructions for applications submitted through Grants.gov apply. Please read the following instructions carefully and completely.

5. Timely Receipt Requirements and Proof of Timely Submission:

- a. **Electronic Submission.** An electronic time stamp is generated within the system when the application is successfully received by Grants.gov. The applicant will receive an acknowledgement of receipt and a tracking number from Grants.gov with the successful transmission of their application. Applicants should print this receipt and save it.
- b. BLM suggests that applicants submit their applications during the operating hours of the Grants.gov Support Desk, so that if there are questions concerning transmission, operators will be available to walk you through the process. Submitting your application during the Support Desk hours will also ensure that you have sufficient time for the application to complete its transmission prior to the application deadline. Applicants using dial-up connections should be aware that transmission will take some time before Grants.gov receives it.
- c. Grants.gov will provide either an error or a successfully received transmission message. The Grants.gov Support desk reports that some applicants abort the transmission because they think that nothing is occurring during the transmission process. Please be patient and give the system time to process the application. Uploading and transmitting many files, particularly electronic forms with associated XML schemas, will take some time to be processed.

6. Customer Support - The Grants.gov website provides customer support via (800) 518-GRANTS (this is a toll-free number) or through email at support@grants.gov. The customer support center is open from 7:00 a.m. to 9:00 p.m. Eastern time, Monday through Friday, except Federal holidays, to address Grants.gov technology issues.
